# **2021 Classic Green Tractor Pull Rules**

1. All speed limit classes will be monitored from the half-track cone until the pull is completed. Blowing the horn after half-track cone results in a disqualification.
2. A tractor is allowed one hook per class and unlimited hooks per pull.
3. Drivers must stay on the seat of the tractor at all times.
4. No riders are permitted.
5. Drivers under 18 years old must have written permission from parent or guardian.
6. One restart within 50 ft. of pull attempt.
7. Pullers must obey flagmen.
8. All pulls must start with a tight chain, no jerking of the chain.
9. Tractor must stay inbounds.
10. Drivers must be able to safely maintain control of tractor at all times.
11. Any parts falling off tractor during pull will disqualify tractor.
12. Wheelie Bars are mandatory for top cut and full cut classes. Must be able to hold the weight of the tractor.
13. Drawbar height maximum of 20" for all classes and at least 18" rearward from the center of the rear axle.
14. Front weights and weight bracket cannot extend more than 11 ft. from the center of the rear axle.
15. Rear weights cannot extend rearward beyond the rear tires. Weights cannot obstruct drawbar or kill switch.
16. Working kill switch is mandatory.
17. Tractors must be 1959 or older at its series start for top cut and full cut tractors.
18. No turbos allowed in any classes.
19. Enhanced electrical systems allowed in all classes.
20. Any ag type carburetor allowed. Must be a single barrel and throat and draft direction as originally manufactured.
21. The weight of the scales will be at zero tolerance.
22. All tractors must have a working governor.
23. Entries close at the start of the class.
24. ALL PULL COMMITTEE DECISIONS ARE FINAL.
